MATHS 4H	Edexcel International GCSE Maths Student Book: Second Edition	978-0-00-820587-4	Collins
MATHS 6H	Edexcel International GCSE Maths Student Book: Second Edition	978-0-00-820587-4	
MATH/PHYSICS	<p>In accordance with the characteristics required by the mathematics and physics syllabuses for secondary year s5 of the European Schools and by decision of the group of experts, which convened on 23 April 2020, for the beginning of the 2020-2021 school year in September 2020, year s5 students must have their own device allowing GeoGebra 6 software to be used in the classroom, at least in offline mode (see minimum characteristics of the device below). In addition, a non-graphing and non-programmable scientific calculator will be required for the 2020-2021 school year examinations (the model used in s4, where applicable, may be sufficient).</p> <p>Minimum recommendations for devices running GeoGebra in the classroom / examination room</p> <p>GeoGebra 6 can run on several devices (tablet or laptop) online or offline. The group of experts does not specify a model. However, the group recommends at least the following, for adequate use of GeoGebra 6 (these are minimum specifications, but the choice of more powerful devices would allow for more diverse and in-depth uses):</p> <p>Operating system: any operating system supporting GeoGebra 6 (complete name in EN: GeoGebra Classic 6)</p> <p>Minimum RAM: 1 GB for a tablet and 4 GB for a laptop</p> <p>Minimum storage: 16 GB for a tablet and 32 GB for a laptop</p> <p>Screen size and resolution: 7" can be allowed provided there is a good display resolution (minimum 720 p), but at least 9" for comfortable viewing with minimum 1080 p. resolution.</p> <p>For students with an educational support agreement in place, the relevant special arrangements should be applied.</p>		

	<p>However, taking into consideration that the students will in any case have to buy an electronic device (computer/tablet) for the maths and physics syllabus, and following the discussion in the Educational council, the school has decided that all students of s5 should have a laptop computer in school for educational purposes, that will allow them to also use it for other subjects.</p> <p>You can find the school recommendation of the minimum requirement specification for the laptop to be used for didactical purpose in the school in the Annex at the end of this document.</p>

ANNEX

**The secondary school strongly advise to choose a laptop in school for educational purposes with the following specifications:**

- Windows 10 or Mac OS X. Android and Chromebooks do not support all the software in use in school.
- Integrated WiFi-antenna (WIFI N minimum, AC is better)
- Processor: i3 or AMD E2/A4 Dual Core, equivalent or better
- Memory: We advise at least 4GB Ram, and at least a hard drive with a capacity of 250GB, SSD-Harddrive is recommended. (8Gb Ram highly recommended)
- Screen size: at least 10.8 inch for comfortable viewing of texts, excel sheets etc. Tablets with small screens are strongly discouraged
- Touch screen and pen are strongly recommended.
- A good integrated or external keyboard in your language
- Lightweight for ease of transport
- A long battery life and/or spare battery (4 cells minimum, 6 cells or more is better)
- Minimum 1 USB-A port, or integrated USB-C port with adaptor for USB-C to USB-A
- Virus protection, a pdf reader (Windows 10 has a virus protection included but another installed is recommend. For the battery life, Norton is not recommended)
- A protective carrying case.
