Rapport médical/psychologique/psychopédagogique/pluridisciplinaire** :

Following the Memorandum – 04/06/2020 COVID SITUATION

Criteria for the medical/psychological/psycho-educational/multidisciplinary report:

o Be legible, on headed paper, signed and dated.

o State the title, name and professional credentials of the expert(s) who has/have undertaken the evaluation and diagnosis of the pupil.

o Through medical/psychological/psycho-educational **or** multidisciplinary report, state specifically the nature of the pupil's medical and/or psychological needs and the tests or techniques used to arrive at the diagnosis.

o Provide a clear diagnosis according to DSM-V or ICD-10 (10th revision of the International Statistical Classification of Diseases and Related Health Problems, a medical classification list by the World Health Organization (WHO)).

o Report for learning disorders need to describe the pupil's strengths and difficulties (cognitive assessment) and their impact on learning (educational evidence) and the tests or techniques used to arrive at the diagnosis.

o Report for medical/psychological issues need to specify the pupil's medical/psychological needs and their impact on learning (educational evidence).

o All reports need a summary or conclusion and stating the accommodations (special arrangements) required as well as where appropriate, recommendations for teaching/learning for the school's consideration.

o This documentation must be regularly updated and **not be more than two years old**.

However, in the 2020/21 school year in the context of potential national measures of confinement due to the COVID-19 pandemic the school may accept in duly justified cases that the update is postponed to the following school year.

In case of permanent and unchanging disability and when the Support Advisory Group agrees, no retesting other than regular updates will be required.

For a request for special arrangements in the European Baccalaureate, the completely updated medical/psychological/psycho-educational **and/or** multidisciplinary report will be required.

Documentation should not be more than two years old, i.e. should not be dated earlier than October in S3 and not later than October in S5.

o Solely in exceptional situations which are unforeseeable and duly attested (serious illness, accident, newly enrolled pupils, **measures of confinement due to the COVID-19 pandemic**, etc.) the request for the granting of special arrangements in the European Baccalaureate may be submitted after the deadline indicated above. The request must be accompanied by full documentation setting out the grounds on which it is based.

o In order to avoid possible conflict of interests, the expert assessing pupils will be neither an employee of the European School nor a relative of the pupil.

o If not written in one of the working languages, be accompanied by an official translation into French, English or German.

o For a request for special arrangements in the European Baccalaureate, the completely updated medical/psychological/psychoeducational/ multidisciplinary report will be required.
