Mission of the European School

- ▶ to provide a multilingual and multicultural education for nursery, primary and secondary level pupils
- ▶ prepare children for a happy, healthy, responsible, and successful life
- ▶ develop children's personality and abilities
- ▶ support children's learning potential
- ▶ build up respect for others and the environment
- ▶ respect and appreciate children's own cultural and social identity, its values and those of others
- ▶ promote a European spirit

Center of our interest.... the children!

KiVa

Anti-bullying program

- ▶ KiVa includes both universal and indicated actions.
- ▶ The universal actions, such as Kiva curriculum (student lessons) are directed at all students and focus mainly on preventing bullying.
- ▶ The indicated actions (targeted interventions by the Kiva team members) are to be used when a bullying case has emerged.
- ▶ They are targeted specifically to the children and adolescents who have been involved in bullying as perpetrators or victims, as well as to several classmates who are challenged to support the victim; the aim is to put an end to bullying.
