EDUCATIONAL GOALS

OBJECTIFS PÉDAGOGIQUES

LERNZIELE

This is an educational trip where you can learn a lot about

- nature,
- volcanism,
- geography and the
- “night sky” (**astronomy** – views of the stars, the moon and planets).

It is all about discovering Tenerife in an alternative way with a group of fellow students who you don't necessarily know well before leaving on the trip.

STUDENT PROFILE

PROFIL D'ÉLÈVES

ANFORDERUNGSPROFIL

- You have to **enjoy hiking** because every day we do quite a lot of it and sometimes it can be quite strenuous. You need to be **interested in geography, history and culture**.

- You don't mind **getting up in the middle of the night** to go watch the stars and if you like **cooking**, it is a welcome extra.

PROGRAM

DAY 1

- Travel to Tenerife and getting settled at the hotel at 16:35
- Meeting our guide.
- Discussion of the program.
- Introduction to astronomy and night observation at the hotel
