

Luxembourg, 11th April 2025

To all pupils of-S5-S6

NOTICE CONCERNING THE
2024-2025 SEMESTER 2 EXAMINATIONS (« COMPOS »)

1. The school will provide all necessary paper for the exams, from S5 to S6. Pupils cannot remove any paper used during the exam from the examination room. Exam answers must be written in black or blue ink. No correction fluid (for example "Tipp-Ex"), no erasable ink allowed.
2. Unauthorised materials are not allowed in the examination room. Pupils ignoring this rule risk having their examination declared void. Bags and coats must be left outside the examination room (S5: changing rooms G building first week/petite salle des fetes second week/ S6: changing rooms G building). Pupils may not go to their bags or coats during an examination. No items are allowed on the floor by your desk. Neither mobile phones nor headphones nor smartwatches are allowed in the examination room. In addition, for S6 pupils no watches are allowed in line with the Baccalaureate regulations.
3. No communication with other pupils is permitted during an examination. Pupils are neither allowed to borrow items or papers from other pupils nor to disturb other pupils in any way during an examination. Any questions should be directed to the invigilators.
Any attempt at fraud will be punished by a score of 0. In addition, the administration has the right to consider other measures.
4. **Pupils may not leave the examination room nor present their exam answer paper during the first period of an examination.**
Pupils who finish before the exam's end time may present their answer paper to the invigilator.

For S5-S6 pupils:

- at the end of their exams, pupils must leave the building immediately and not linger or wait by the toilets.
 - pupils must stop writing once an examination has been declared finished by the invigilators.
 - during the final 10 minutes of an exam pupils must remain at their desks until their script is collected by an invigilator. Pupils must not go to the invigilators' desk.
5. Pupils may go to the toilet 1 period after the start of the examination, after having been registered on the ad hoc register. During the last 10 minutes of the exam student will not be able to go to the toilettes.
 6. The only drink permitted in the examination is water in a plastic bottle. Cans and glass bottles are not allowed. If a student needs to consume food during the exam, this must be placed on his/her desk. Students should not disturb other candidates by opening packets. Only small snacks (like candy or muesli bars, dry fruits, and similar) are allowed; invigilators may take some food items away if they are not considered as appropriate.
 7. **Calculator:**

For S5 and S6 pupils: according to the syllabus and the decisions of the Board of Governors a non-CAS but graphing calculator with the specification given in the appendix of this document, which are met by the Numworks which is the model recommended by the science and mathematics teachers at our school.

Pupils must bring their own calculator, fully charged. Pupils cannot share calculators.

8. Pupils must indicate at the top of each exam page:
- their family name and first name.
 - their class
 - the course
 - the name of the course teacher
9. Pupils are responsible for arriving on time; **additional time will not be given for late-comers**. Students should arrive 30 minutes in advance for the exam. Late comers are admitted subject to the Director's approval.
10. When a pupil is absent due to illness, he/she must hand in a medical certificate to the educational adviser of the year at the very latest the following day. He/she will be informed by the educational adviser regarding the substitute examination(s) organised for him/her. The substitute examinations will normally be organised on Tuesday 24th and Wednesday 25th June.
In case of unjustified absence, the test mark will be a zero.

Carol LEMARIÉ
Deputy Director

APPENDIX

Required functionalities

- Trigonometric functions
- Exponential & logarithm
- Numerical equation(s) solving
- 1-Var & 2-Var Statistics
- Factorials & combinations
- Binomial distribution
- Normal distribution
- Functions : Table of values
- Numeric integration
- Numerical differentiation
- Graphing

Forbidden functionality:

- Computer Algebra System
