B-tests must take place as per the detailed calendar below. They are not allowed outside the days/periods indicated.

In the days during which pupils sit B-tests, A-tests should not be organised and pupils should not have to hand in homework.

Pupils who follow an advanced L1/L2 course (L1A/L2A) will only sit the harmonised examination in the advanced course (not the basic L1/L2 course). For the concerned pupils, the second semester L1/L2 B-mark will be determined by an ASAT. The respective L1/L2 teacher will provide further details on the ASAT organisation.
